

1208094. A table "Tureen" by Jonas Lindvall for Stolab

The inspiration for the elegant table "Tureen" comes from the history of furniture and the world of gastronomy. With thoughts of beauty and function, the table can be used as a surface, any dish, or a bowl. The expression of the surface creates a harmony that express the quality of the craft. "Tureen" can be used as a nest of tables or individually as a coffee table or lounge table.
